

Cross Sections of Consentable/Non-Consentable Activities

	<p>Consent Required Pipe Culvert (including extension and removal of) Under Section 23 1 (b & c)</p>
	<p>Consent Required Oversized Box Culvert (including extension and removal of) Under Section 23 1 (b & c)</p>
	<p>Consent Required Trash Screens – as it is an alteration to a culvert and has the potential to obstruct flow.</p>
	<p>Not Consentable Bank Protection Works – Under LDA 91 (temporary works may require consent)</p>
	<p>Consent Required Pipe Crossing (in channel) Under Section 23 1 (a)</p>
	<p>Not Consentable Pipe Crossing (above bank) Under LDA 91 as it does not interfere with flow</p>
	<p>Not Consentable Pipe Crossing (below bed) Under LDA 91 as it does not interfere with flow (temporary works may require consent)</p>
	<p>Not Consentable Protruding Pipe Outfall Under LDA 91 as it will not act like a dam/weir (temporary works may require consent)</p>

	<p>Consent Required Weir/Dam or impoundment or temporary works that obstruct flow Under Section 23 1 (a)</p>
	<p>Consent Required Bridge/Decking (where soffit level is below bank top level) Under Section 23 1 (a) if it has the potential to affect flow.</p>
	<p>Not Consentable Bridge/Decking (Abutment protruding but not reducing flow area/width) Under LDA 91 as does not interfere with flow.</p>
	<p>Consent Required Bridge/Decking (Abutments restricting flow area/width) or Flume. Under Section 23 1(a).</p>
	<p>Not Consentable Clear span bridge – as it does not interfere with flow.</p>
	<p>Not Consentable Bridge/Decking with support in channel – Under LDA 91 as it will not act like a dam/weir or like obstruction. Need to consider size of pier against size of watercourse, but would want to discourage the use of a pier in the watercourse.</p>
