Go further... Travel Training

Who are we?

We are the Independent Travel Team (ITT) and we are based within the All Age Disability Team of Coventry City Council. We offer a city-wide service.

What do we do?

We train people how to travel safely and independently. We work in schools, colleges and in the community. Travel training is part of the school curriculum.

How do we do it?

- We offer training in practical skills required to travel independently
- We manage and assess risk by teaching safe practice, road safety and personal safety
- The agreed route will be specific and tailored to meet the individuals needs
- We support people to build on their skills and develop their confidence
- We work at the pace of the individual

“ I have seen a real change in their confidence... Thank you! ”

My Journey

Told by others... demonstrated by
ME!

“ I hadn't caught a bus in years but I learnt to find how and where to go ”

What do you think about it?
“GREAT!”

“ Learning has seen a real change in my confidence and giving me greater independence ”
