Subject: Resin Usage

Neil,

Since January 2006 until January 2008 our resin usage as been as follows:

Resin Purchased - 23480 kilos  
Catalyst (this is @ approximately 10% of resin purchased) - 2400 kilos

I can verify the figures from 1st September 2006 to 31st January 2008, but prior to this date the figures are supplied by the resin supplier as I was not employed by Hytec at that time.

I hope this information is sufficient, any questions please ring me.  
Regards

Paul Davis  
Managing Director
