Dear Sir/ Madam

**Freedom of Information Act 2000 (FOIA)**  
**Request ID: REQ07003**

Thank you for your request for information relating to GIS data for any Truck restrictions.

Your request and our responses are outlined below:

**I am writing to inquire GIS data for any Truck restrictions in your city (you might have City Truck Scheme, Truck Through Traffic Restriction, Maximum Dimension restrictions for Trucks, Truck City Ban, Truck Local Traffic etc). TomTom get many complaints/inquiries about trucks using routes that are unsuitable for trucks. Therefore could you please provide us with this data?**

In response we can advise that we do not have any 'truck restrictions', but what we do have are weight limits, width limits and length limits. We have detailed these restrictions in the attached document, however due to the current COVID pandemic and our offices being closed, we are unable to check actual traffic regulation orders (TRO). We are therefore providing as much information as is held electronically and advise that there could be revisions once the TROs can be checked under normal working practice.

In order to assist your further, we have also attached a list of low headroom structures. We can also advise that we do not have any signed weak bridges in the City.

The supply of information in response to a freedom of information request does not confer an automatic right to re-use the information. You can use any information supplied for the purposes of private study and non-commercial research without requiring further permission. Similarly, information supplied can also be re-used for the purposes of news reporting. An exception to this is photographs.
