Dear Sir/ Madam

**Freedom of Information Act 2000 (FOIA)
Request ID: REQ07661**

Thank you for your request for information relating to Vehicular activity from Amazon warehouse.

Your request and our responses are outlined below:

1. I would like to be provided with details on vehicular activity for the Amazon warehouse at Lyons Park and any conditions applied for incoming/departing heavy goods vehicles using particular roads in the area.

There are two main applications regarding this site:

- FUL/2016/2397 Erection of a storage and distribution unit (Use Class B8) with ancillary offices, mezzanine floor, gatehouse, plant and associated infrastructure including service yard, internal roads, parking, vehicle pick-up/ drop-off, landscaping, boundary treatment, hardstanding and related works- Approved (Highway Conditions are as follows: 6, 7, 8, 11, 12, 22)
- FUL/2019/1950 Installation of additional trailer parking and associated works- Approved (No Conditions relating to heavy good vehicles)

The committee report for FUL/2016/2397 references HGV movement in the highways section. Please see attached link:

<http://planning.coventry.gov.uk/portal/servlets/ApplicationSearchServlet?PKID=786125>

'Turning to HGV movements, the site will operate over a full 24 hours, receiving and dispatching goods evenly throughout each 24 hour period. To do this, typically around 250 HGV's would be involved in the process. In total therefore, around 500 two-way HGV

movements would occur during each 24 hour period. Our Highways Officers are satisfied that these movements have no greater adverse impact than that approved under the outline planning consent and are satisfied with the conclusions of the Transport Statement.'
