Dear Sir/ Madam

Freedom of Information Act 2000 (FOIA)
Request ID: REQ08107

Thank you for your request for information relating to Total costs of path installed in Coundon Hall Park

Your request and our response is below:

Please could you provide the following information relating to a recently installed path in Coundon Hall Park, which runs from the Waste Lane car park to the Tamworth Road car park.

1. Total cost of the path.

£51,705 in different stages over several years.

2. Anticipated future costs for further landscaping and flood alleviation schemes?

It is impossible to gauge future costs as we do not know what work will be required.

3. Who funded the path?

Approximately £20,000 was met by funding from Severn Trent Water. The remainder (Approx. £31,000) was met from S106 contributions relating to nearby housing developments.

4. Was a survey carried out prior to installation of the path to identify areas of the route that would be subject to waterlogging/flooding?

No, a survey was not carried out. We accepted that puddles may temporarily form in places along the path in exceptionally wet conditions. Seasonal ponds were dug in

known wet areas to help avoid the worst of this and the footpath was raised slightly in other areas where water was known to pool. The path was otherwise largely installed along the existing levels but with a steep camber to help prevent any pooling water remaining for long.

The supply of information in response to a freedom of information request does not confer an automatic right to re-use the information. You can use any information supplied for the purposes of private study and non-commercial research without requiring further permission. Similarly, information supplied can also be re-used for the purposes of news reporting. An exception to this is photographs. Please contact us if you wish to use the information for any other purpose.
