

# Suicide Prevention Framework at a glance

## Core national priorities (Cross Government Suicide Prevention Plan: 2019 – 2021)

Implementation, Governance and Accountability  
Reducing suicide in high risk groups – men, mental health patients, criminal justice, specific occupations, history of self harm  
Tailoring approaches to improve mental health in specific groups;  
Children and Young People  
Reducing Access to Means  
Providing better information and support to those bereaved or affected by suicide  
Supporting the media to deliver sensitive approaches to suicide and suicidal behaviour  
Supporting research, data collection and information

## Coventry and Warwickshire Health and Care Partnership Suicide Prevention Programme 2018 – 2020

Multi Agency Training  
ITBTT and Public Campaigns (Year of Wellbeing)  
Support for individuals with concurrent mental health and substance misuse issues  
Secondary and Primary Care pathways and training; risk management and safety planning  
Digital developments – public facing apps, stakeholder and staff resources  
Bereavement support service development  
Real Time Data & monitoring; multi agency surveillance  
Safe Havens (crisis support)

**Coventry Suicide Prevention Strategy 2016 – 2019: One suicide // One too many**

**Vision**

**Death by suicide *is* preventable.** Each life lost is a tragedy. One suicide will always be one too many

**Goals 2020 - 21**

<p><b>[Reach High risk Groups]</b></p> <p>Target our approach to focus on inpatient safety and vulnerable groups</p>	<p><b>[Improve Mental Health]</b></p> <p>Build our community assets, workplace health offer and VCSE support networks</p>	<p><b>[Manage Access to Means]</b></p> <p>Identify and address our environmental, social and clinical risks</p>	<p><b>[Reduce Impact]</b></p> <p>Develop our bereavement and workforce support offer</p>	<p><b>[Improve Data]</b></p> <p>Embed our partnership plans for systematic reporting and analysis</p>	<p><b>[Adopt a Safe Media Approach]</b></p> <p>Communicate our support offer and manage local and national messaging</p>	<p><b>[Work Together]</b></p> <p>Invest in learning, development and partnership activities</p>
--	---	---	--	---	--	---

**Outcomes**

**Reduced suicide rate in the whole population and among particularly vulnerable groups**

**Reduced stigmatised attitudes to mental health and suicidal behaviour at population level and across vulnerable groups**

## Goal One Reach High risk Groups
