Dear Sir/Madam

**Environmental Information Regulations (EIR)
Request ID: FOI324386130**

Thank you for your request for information relating to Nitrogen and phosphorous pollution in or near Natura 2000 sites.

Your request and our responses are shown below:

Would you please provide a list of all the Natura 2000 sites that sit within, or partially within, the local authority's boundary?

As a result of Natural England and NRW's updated planning advice on excess nutrients, would you please tell me how many planning applications are currently stuck or frozen in your planning system?

Would you please tell me how many homes this equates to?

I would prefer to receive this information electronically, preferably as a data set in Excel and not as a PDF, to include the following information:

Relevant SPA/SAC/Ramsar site(s) name

Number of applications frozen in the planning system

How many homes this equate to

The European Commission provides a link to show all of the Natura 2000 sites and this can be viewed on the following link:-

https://ec.europa.eu/environment/nature/natura2000/data/index_en.htm

We are not aware of any applications 'frozen in our planning system' for this reason.
