

Notice of Intent

Proposed Road Humps (Raised Tables)
Binley Cycleway

Notice is hereby given that Coventry City Council ("the Council"), under the Highways Act 1980, intends to install road humps (raised tables) of no more than 75mm high at the following locations:

St Georges Road	at its entrance, south of its junction with Binley Road (A428)
South western access road (spur) off A444/Binley Road roundabout	at its entrance south west of its junction with the circulatory of the A444/Binley Road roundabout
Bromleigh Drive	one at its entrance and one at its exit, north of its junction with Binley Road. The layout of the junction is to be amended to an 'in and out' system with the road divided by a wide splitter island which will separate oncoming traffic flows by approximately 10 metres

The proposed traffic calming features should reduce vehicle speeds and will assist to improve road safety. The raised tables will also allow the Binley Cycleway to continue at the same level across these side roads, rather than the cycleway and footway dropping down to road level at the junction. This further enforces the change in priority to cycles over vehicles and also provides priority for pedestrians.

A copy of this Notice and plan may be inspected on the Council's website at: www.coventry.gov.uk/tro. Any person requiring further information in connection with the Notice, in the first instance, should contact Pete Howarth on telephone number 02476 977177.

Any representations or objections to the proposals must be forwarded in writing to Mr R Parkes, Place Team, Legal Services, PO Box 15, Council House, Coventry CV1 5RR, or via email to 'rob.parkes@coventry.gov.uk'. Any representation or objection must state the grounds on which it is made and must be forwarded by no later than 10th February 2022.

Colin Knight
