More
Information
on this Post!

What information will you get from our videos?

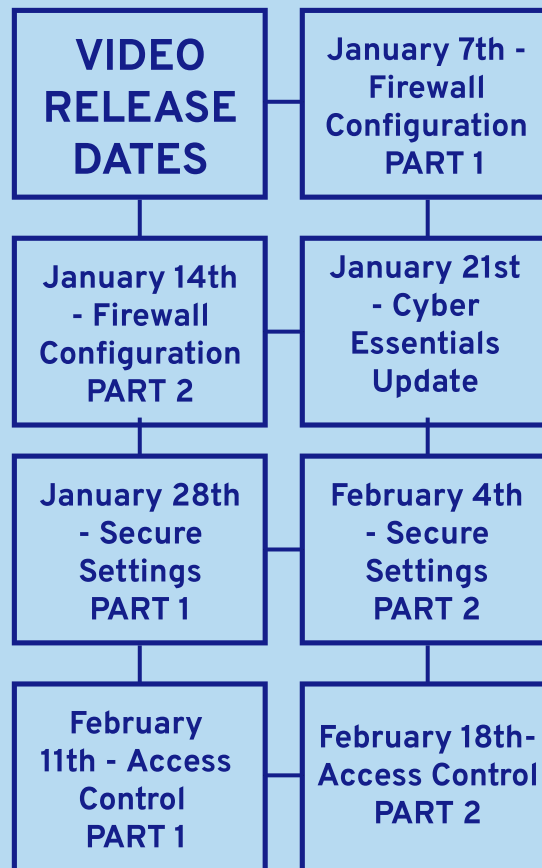

In these short 5 minute videos we will cover the details of topics such as:

- Firewalls
- Secure Settings
- Access Control
- And More!
- **For the full list of topics check the right side of this digital flyer.**

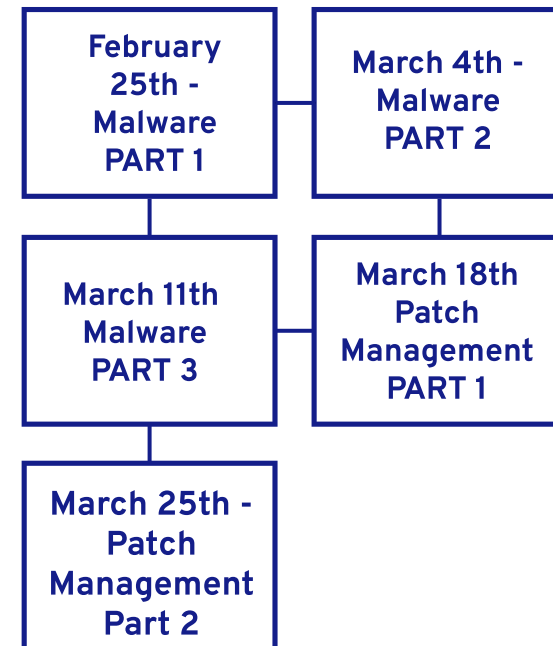

Alongside the information given in each video, there will be a demo to explain exactly what we mean when discussing the topic!

The topics above are important controls detailed in the Cyber Essentials Certification!
