Dear Sir/Madam

Freedom of Information Act 2000 (FOIA)

Request ID: FOI514515559

Thank you for your request for information relating to traffic reduction schemes related vandalism.

You have requested the following information:

Please could you tell me how much it has cost the council to deal with vandalism or damage to infrastructure and property linked to traffic reduction schemes (often referred to as low traffic neighbourhoods, safe streets, school streets, streets for people or similar).

This would include costs such as repairs to or replacement of cameras, bollards, planters, signs, traffic counters, and anything else linked to these schemes.

We have only one scheme of the types referred to, a School Street. This has only recently been installed and there has been no reported damage.

We have no vandalism at present for our Liveable Neighbourhood schemes as the schemes are in development.

The supply of information in response to a FOI/EIR request does not confer an automatic right to re-use the information. You can use any information supplied for the purposes of private study and non-commercial research without requiring further permission. Similarly, information supplied can also be re-used for the purposes of news reporting. An exception to this is photographs.
