

PROPOSED TRAFFIC ORDER

Coventry City Council ("the Council"), under the Road Traffic Regulation Act 1984 (as amended), propose to make the following Order:-

City of Coventry (Citywide) (Permitted Parking Area and Special Parking Area) (Designation, Waiting Restrictions, Loading Restrictions, Loading Areas and Street Parking Places) Consolidation Order 2016 – (Variation 12) Order 2023

The Order proposes to implement the following:-

A number of road safety concerns have been raised by local residents with regard to problems caused by parking. The problem parking causing obstruction or at junctions reducing visibility of and for exiting vehicles. It is proposed to install waiting restrictions at these locations to prevent parking and improve road safety. In addition, changes are proposed to waiting restrictions, such as adjustments to length of restriction, or new proposals due to traffic management schemes or new developments. These proposals are to improve traffic management and road safety.

As part of the low carbon agenda relating to transport the Council has installed many on street residential charge points across the city. There are advisory parking bays located alongside the charge points. It is proposed to install a restriction on some of these advisory bays to permit their use by Electric Vehicles only, whilst charging /topping up batteries, 8am – 10pm (7 days a week).

Also, following reviews it has been shown that there are some inconsistencies between Orders and restrictions indicated on the ground and these anomalies are being resolved by remaking the Orders

It is proposed to extend two existing residents' parking schemes:

- Zone C3 – Queen Isabel's Avenue (extension of existing scheme)
- Zone EW1- Crabmill Lane (extension of existing scheme)

The effect of the proposed Order is to add to, vary or amend the waiting restrictions on certain lengths of the following roads
