3a

Use of Building

1. What is the intended use of the building after the works:

2. What is the Intended use of each storey after the works:

3. What is the height of the building after the proposed work in metres: (as determined in accordance with [Regulation 5](#) of the Higher-Risk buildings (Description and Supplementary Decisions) Regulation 2023)

4. The number of storeys after the proposed work:

(As determined in accordance with [Regulation 6](#) of the higher-Risk Buildings (Descriptions and Supplementary Provisions) Regulations 2023)

Where the work consists of work to an existing building:

1. What was the current use of the building before the works:

2. What is the was the use of each storey before the works:

3. What was the previous height of the building in Metres: (as determined in accordance with [Regulation 5](#) of the Higher-Risk buildings (Description and Supplementary Decisions) Regulation 2023)

4. How many storeys did the building have:

(As determined in accordance with [Regulation 6](#) of the higher-Risk Buildings (Descriptions and Supplementary Provisions) Regulations 2023)

Provisions to be made for drainage of the building.

Does requirement H4 (building over sewers) apply to the work carried out ?

Requirement H4 applies only to work carried out:

(i) over a drain, sewer or disposal main which is shown on any map of sewers

or

(ii) on any site or in such a manner as may result in interference with the use of, or obstruction of the access of any person to, any drain, sewer or disposal main which is shown on any map of sewers.

If H4 is applicable please provide details of the precautions to be taken in the building over a drain, sewer or disposal main to comply with requirements.

Date when the work commenced and the foundations and structure of ground floor level were completed, or when the works were approx 15 % complete (If known)

Continued on next page.....

4 Payment:
