

Part B Application form

Application for a permit

Local Authority Pollution Prevention and Control

Pollution Prevention and Control Act, 1999
Pollution Prevention and Control (England and Wales) Regulations 2000 (as amended)

Introduction

When to use this form

This regime is known as Local Authority Pollution Prevention and Control, LAPPC. Installations permitted under this regime are known as B installations. Use this form if you are sending an application for a 'Part B' permit to a Local Authority under the Pollution Prevention and Control (England and Wales) Regulations 2000 (as amended) ("the PPC Regulations").

Before you start to fill in this form

Please read the Defra general guidance manual issued for LA-IPPC and LAPPC. This contains a list of other documents you may need to refer to when you are preparing your application, and explains some of the technical terms used. You will also need to read the relevant sector guidance note, BREF note or Process Guidance note as relevant. The Pollution Prevention and Control (England and Wales) Regulations 2000 can be obtained from The Stationary Office, or viewed on their website at: www.legislation.hmso.gov.uk/si/si2000/20001973.htm

Which parts of the form to fill in

You should fill in as much of this form as possible. The appropriate fee must be enclosed with the application to enable it to be processed further. When complete return to:

Insert local authority address

Other documents you may need to submit

There are number of other documents you may need to send us with your application. Each time a request for a document is made in the application form you will need to record a document reference number for the document or documents that you are submitting in the space provided on the form for this purpose. Please also mark the document(s) clearly with this reference number and the application reference number, if you have been given one, which will be at the top of the form overleaf. If you do not have either of these, please use the name of the installation.

Using continuation sheets

In the case of the questions on the application form itself, please use a continuation sheet if you need extra space; but please indicate clearly on the form that you have done so by stating a document reference number for that continuation sheet. Please also mark the continuation sheet itself clearly with the information referred to above.

Copies

Please send the original and 3 copies of the form and all other supporting material, to assist consultation.

If you need help and advice

We have made the application form as straightforward as possible, but please get in touch with us at the local authority address given above if you need any advice on how to set out the information we need.

B1 About the Installation

Please fill in the table below with details of all the current activities in operation at the whole installation.

In Column 1a *Activities in the stationary technical unit*

Please identify all activities listed in Schedule 1 to the PPC Regulations that are, or are proposed, to be carried out in the stationary technical unit of the installation.

In Column 1b *Directly associated activities*

Please identify any directly associated activities that are, or are proposed, to be carried out on the same site which:

- have a technical connection with the activities in the stationary technical unit
- could have an effect on pollution

In **column 2a and b Schedule 1 references**, please quote the Chapter number, Section number, A(2) or B, then paragraph and sub-paragraph number as shown in Part 1 of Schedule 1 to the PPC Regulations. For example, *Manufacturing glass where the use of lead compound is involved*, would be listed as Chapter 3, Section 3.3, Part B(b).

B1.2 Why is the application being made?

- the installation is new. *NEW INSTALLATION (DUE TO RELOCATION)*
- it is an existing Part B process authorised under the Environmental Protection Act 1990 for which a substantial change is proposed and an LA-IPPC A2 permit is required.

Application forms

B.1.3 Site Maps

Please provide:

- A suitable map showing the location of the installation clearly defining extent of the installations in red.

Doc Reference WM 440642.

- A suitable plan showing the layout of activities on the site, including bulk storage of materials, waste storage areas and any external emission points to atmosphere.

Doc Reference SL-1

B2 The Installation

Please provide written information about the aspects of your installation listed below. We need this information to determine whether you will operate the installation in a way in which all the environmental requirements of the PPC Regulations are met.

B2.1 Describe the proposed installation and activities and identify the foreseeable emissions to air, water & land from each stage of the process (this will include any foreseeable emissions during start up, shut down and any breakdown/abnormal operation).

The use of process flow diagrams may aid to simplify the operations : (SL-1)

Doc Reference: = LPBC-1

B2.2 Once all foreseeable emissions have been identified in the proposed installation activities, each emission should be characterised (including odour) and quantified.

- **atmospheric emissions** should be categorised under the following
 - (i) point source, (e.g. chimney/vent, identified by a number and detailed on a plan)
 - (ii) fugitive source (e.g. from stockpiles/storage areas).

If any monitoring has been undertaken please provide the details of emission concentrations and quantify in terms of mass emissions. If no monitoring has been undertaken please state this.

DOC REF: = LPBC-2

(Mass Emission – the quantification of an emission in terms of its physical mass per period of time. Eg. Grams per hour, tonnes per year)

B2.3 For each emission identified from the installations' activities describe the current and proposed technology and other techniques for preventing or, where that is not practicable reducing the emissions. If no techniques are currently used and the emission goes directly to the environment, without abatement or treatment this should be stated.

Doc Reference: = LPBC-3

B2.4 Describe the proposed systems to be used in the event of unintentional releases and their consequences. This must identify, assess and minimise the environmental risks and hazards, provide a risk based assessment of any likely unintentional releases, including the use of historical evidence. If no assessments have been carried out please state.

Doc Reference: = LPBC-4

B2.5 Describe the proposed measures for monitoring all identified emissions including any environmental monitoring, and the frequency, measurement methodology and evaluation procedure proposed. (e.g. particulate matter emissions, odour etc). Include the details of any monitoring which has been carried out which has not been requested in any other part of this application. If no monitoring is proposed for an emission please state the reason.

Doc Reference: = LPBC-5

B2.6 Provide detailed procedures and policies of your proposed environmental management techniques, in relation to the installation activities described.

Doc Reference: = LPBC-5

B3 Impact on the Environment

B.3.1 Provide an assessment of the potential significant local environmental effects of the foreseeable emissions (for example, is there a history of complaints, is the installation in an air quality management area?)

Doc Reference: = LPBC-6

B.3.2 Are there any sites of special scientific interest (SSSIs) or European Sites which are within 2 kilometres of the installation?

No

Yes please give names of the sites

B.3.3 Provide an assessment of whether the installation is likely to have a significant effect on such sites and, if it is, provide an assessment of the implications of the installation for that site, for the purposes of the Conservation (Natural Habitats etc) Regulations 1994.

Doc Reference: N/A

B4 Environmental Statements

B4.1 Has an environmental impact assessment been carried out under The Town and Country Planning (Environmental Impact Assessment)(England & Wales) Regulations 1999, or for any other reason with respect to the installation.

No

Yes Please supply a copy of the environmental impact assessment and details of any decision made.

Doc Reference: N/A

B5 Additional information

Please supply any additional information which you would like us to take account of in considering this application.

Doc Reference: = LPBC-6 + PROCEDURES & POLICY ENC!

Standard Newspapers Limited - Terms and Conditions of Acceptance for Advertising

The insertion of advertisements in the Standard newspapers shall be subject to the following conditions:

1. The insertion of advertisements shall be subject to the rate of 25% above the basic rate of that of Scotland from time to time as the period from the date of payment up to the date upon which payment is made such period being applied to the value of any relevant classes without benefit of discount.
2. All advertisements are subject to VAT unless a valid VAT Exemption certificate shall have been provided by the advertiser prior to the date of insertion.
3. **PROBATIONARY LIMITATIONS**
In the event of failure by the Company (howsoever caused) to publish the advertisement in which an advertiser is or was to be published by way of refusal at the rate of 25% above the basic rate of that of Scotland from time to time as the period from the date of payment up to the date upon which payment is made such period being applied to the value of any relevant classes without benefit of discount.
4. In the event that the advertiser requires a guarantee of a particular provision of this particular, from the advertiser and the full (non-discounted) rate plus a 25% surcharge and if the Company shall fail to guarantee the placing of the advertisement in the guaranteed position, then a full refund shall be made.
5. In any circumstances other than where the Company specifically guarantees the position of an advertisement in hereinafter mentioned, and while the Company will use all reasonable endeavours to comply with the advertiser's preferred position for an advertisement, the same is not guaranteed and any failure by the Company to do so shall be the advertiser's responsibility.
6. Advertisements shall be subject to the payment of any lead and the advertiser HEREBY AUTHORIZES the Company to return to its original or any communication which is received by the advertiser. The Company reserves the right to alter the name and address of advertiser and/or advertising agencies to the relevant authority or other third party where it is required to do so by law or where, in the opinion of the Company, it would be proper or prudent to do so.
7. **RELATIONSHIP TRANSMISSIONS**
Particulars are prepared and transmitted electronically by the Company.
