25th January 2005

Dear Sir

FAO Chris Cufflin

Pollution Prevention and Control Act 1999 and the Pollution Prevention and Control Regulations 2000 – Permit to Operate a Prescribed Installation

Process Address: as above

From 1st April 2000 a new pollution control regime was introduced by the Pollution Prevention and Control Regulations 2000. This affects your Part B installation that was covered by the Environmental Protection Act 1990.

The Regulations introduce three systems for regulation of specified industrial installations. The Environment Agency will regulate A1 installations and the Local Authority regulates A2 and Part B installations. An integrated environmental approach will be applied to A2 installations which means that emissions to air, water and land, plus a range of other activities with an environmental impact must be considered. Part B installations which are currently regulated by local authorities for air emissions will remain subject to air-only regulation.

The transfer of existing part B processes into the new local authority pollution prevention and control (LAPPC) regime will take place over a phased timetable and require process operators to obtain a permit to operate rather than an authorisation. The transfer date for your industry sector was 1st April 2004. As an existing Part B process your existing authorisation automatically became a "deemed application" for LAPPC purposes. There was therefore no need for you to apply for a permit or pay an additional fee.

Following consideration of your deemed application, the City Council has granted your permit. This is attached. In the majority of cases the same conditions have been used that were in your authorisation, although there has been some review and re-numbering.

If you wish to discuss your new permit please contact me on the number above. You do a right of appeal against any of the conditions, and the supplementary notes in appendix 1 of the permit outline the appeals process. You will also note from the supplementary notes that there are also

Director of City Services
Stephen Pickering
Head of Service
Michael J Green
Head of Public Protection

changes in other areas for example, how the permit is transferred, or how you apply for changes to the permit.

The new permit supersedes your previous authorisation that is now considered to be invalid. Your permit should be retained in a safe place, and passed onto your Coventry site office where appropriate.

As with the authorisation, you will be charged an annual subsistence fee for the permit. This will be payable from 1st April 2005. You will receive a letter requesting that the payment is made by cheque in April 2005.

I enclose a variation form for your permit for you to apply for changes to your workshop as discussed with Ayeisha and I at our last meeting.

If you have any questions please contact me or Ayeisha directly.

Yours sincerely

Rachael King
Principal Environmental Health Officer

CERTIFICATE OF SERVICE BY POST
(Magistrates Courts Rules 1997) Rule 55(2)

I, EMMA GEORGE a Clerical Assistant employed by Coventry City Council, hereby certify that I served LONDON TAXIS INT with a true copy of this notice, by the recorded-delivery service provided by me at my local Office situated at 21 HAYWARD STREET, COVENTRY at 4.00 pm on TUESDAY 25th JANUARY and addressed to HOLYHEAD ROAD being his/her last known residence/the company's registered office/place of business
